Havana Club 7 Year Old white rum was brought to the world by Cuban Maestro Ronero Don Jose Navarro. It was customary for the the Maestros to drink Extra aged rums at the distillery but it was Don Jose Navarro who decided to share this very style of rum with the rest of the world. Some rums are made to be mixed, this style was made to be savoured neat.

**Tasting Notes:**

It's the taste of the Cuban terroir that comes through, from the world famous Cuban tobacco, to the rich and sweet fruits of a Cuban garden to spices and vanilla flavour brought by long ageing. And you can even taste the raw material used to make the rum: Cuban sugarcane.
