HOUSE OF TOWNEND

Hendrick's Gin

Price	£35.49
Code	HEND001

Quirky producer Hendricks make their pot-still distilled gin using cucumber as one of the primary botanicals. Unsurprisingly, this makes for a unique, tasty and incredibly refreshing Gin! Perfect for hot weather.

Tasting Notes:

A famously gentle gin, Hendrick's brings forth vivid images of cucumber sandwiches in rose gardens. It is light and sweet with gentle citrus and a fabulous burst of juniper.
