| Price | £38.99 |
| Code | KIRK045 |

Arkh-Angell is their Navy Strength gin that pays homage to the proud seafaring heritage of Orkney. It retains the smoothness and characteristics of original Kirkjuvagr, but at 57% ABV, the increased strength brings new depths to its complex flavour profile.

Tasting Notes:

A powerful gin yet smooth and balanced on the palate, the finish has notes of pine and a hint of liquorice.
