Price	£28.49
Code	NORS001

A unique coffee extraction method, designed and evolved by their own expert coffee mastermind, helps ensure the perfect extraction and flavour from the carefully roasted beans. They are able to fuse together a higher rate of caffeine with a less bitter and smoother balance yet maintain a full bodied flavour.

Tasting Notes:

A super luxurious mouth feel, with further notes of vanilla and caramel, paired with a complex yet smooth taste of coffee. Deliciously sweet yet delicate.
