

## HOUSE OF TOWNEND

### Route 606 Boulevard Blush

Price	£8.99
Code	ROUT005

This is a step up from the 'oh so bland' bottles available on the market. Plenty of strawberry fruit flavours in this classic blush style, with that signature sweetness.

#### Tasting Notes:

Perfect for those who enjoy a sweeter rosé, this has ripe, juicy flavours of watermelon and strawberry which lead to a long sweet finish.

## HOUSE OF TOWNEND

Specification	
<b>Vinification</b>	Made from grapes sourced from the fertile and warm vineyards of Central California, this well-made Blush wine uses a base of ripe red Zinfandel grapes, crushed and then macerated on the red skins for a period of 2 days to extract some colour. The wine is then fermented in steel tanks and the ferment stopped before all the natural grape sugar has been used, leaving a medium sweet and deliciously fruity blush wine with a hint of spice, to counterbalance the watermelon and strawberry & cream flavours. Bottled young to preserve the wines natural fruit and freshness.
