San Pellegrino Sparkling Mineral Water 12 x 750ml

Price	£23.99
Code	PELL001

A beautiful Sparkling Mineral water hailing from Italy. San Pellegrino Sparkling Mineral Water is a great choice for a clean and refreshing drink.

Tasting Notes:

Lacking in any distracting odour, with a fairly dense perlage of reasonably fine bubbles in abundance. The immediate impression on the taste buds is one of tingling freshness, followed by moderate acidity that stimulates salivation, while the high mineral content leaves a pleasant aftertaste. Refreshing!
