FAMILY WINE MERCHANTS SINCE 1906

Vinification All the fruit is sourced from vineyards surrounding the award-winning Santa Rosa winery. Analysis in the vineyards dictates picking at optimum ripeness levels, and the harvesting is done mainly by machine to speed total harvest time and thereby minimise grapes exceeding phenolic and sugar targets. Classic fermentation in large concrete vats with selected yeast sowing from their vineyards and maceration on skins with additional pumpovers to speed up extraol of colour, tannins and fruit. After fermentation, the wine is racked into clean tanks and then settled and aged on lees for 4 months prior to bottling, for 10 days. ABV 13% Size 75cl Drinking Window Drink now Country Argentina Region Mendoza Area Uco Valley Type Red Wine Grapes Mallbec Genres Vegan, Vegetarian Vintage 2024 Body Soft, fruity and smooth Producer Producer Overview Santa Rosa is the original wine estate established by Zuccardi, an hour's drive south east of Mendoza in Argentina. There is a progressive move to organic farming with 50% of the 500ha estate now converted. Such are the desert conditions, evaporation is strong and without irrigation the vines would die very quickly. There is a large difference in temperature between night and day which ensures the grapes maintain a wonderful freshness. The grapes are harvested by hand, gently pressed and then fermented in stainless steel tanks at 16-18 °C. There is a short 4-6 hour maceration resulting in a very pretty Provencal salmon pink colour, a welcome relief from the heavier South American roses on the market.			Specification
