HOUSE OF TOWNEND

Slingsby Gin

Price	£36.49
Code	SLING001

Since 1571, when William Slingsby discovered the unique properties of natural spring water from the Tewit Well in Harrogate, discerning individuals have sought out the picturesque Yorkshire town to restore body, mind and soul by relaxing, indulging and socialising. Made with the finest natural and locally sourced botanicals, Harrogate aquifer water and pure single grain spirit, a unique London Dry Gin that bears his name.

Tasting Notes:

An initial burst of refreshing rhubarb and citrus from the grapefruit base gives way to juniper before a very smooth herbaceous sweetness, led by sweet cicely and a light green tea scented with jasmine blossom.
