Sloemotion Sloe Gin

Price	£28.49
Code	SLOE001

Sloemotion use only the finest quality London gin from Thames Distillers Ltd. and a high proportion of sloes to achieve a full fruity flavour. The only difference from the way you'd make it at home is the size of their tanks!

Tasting Notes:

Sloemotion's Sloe Gin has all the qualities of a classic homemade liqueur; the rich aromatic cherry flavour from the sloe and a hint of almond from the sloe stone giving a full flavour in the mouth. The quality London Gin then cuts through providing a short dry finish.
