A beautiful fragrant wine, with aromas of violets and an elegant palate of cherries and raspberries.

Tasting Notes:

Deeply intense dark red colour with delicate purple hues. Aromas of cherry and black cherry, complemented by complex bouquet of sweet spices and vanilla jump from the glass. This is a full-bodied and elegant wine, enveloping and velvety on the palate with its smooth and structured tannins.

Specification	
Vinification	Harvesting takes place the last week of September, first week of October, when the grapes have reached 80% of ripening. Once in crates the drying process begins at 16° degrees. It lasts for about 2/3 weeks until the grapes lose 30% of their weight. The dehumidification system allows the dehydration of the stalk during the first week of the drying process, avoiding any outbreak of disease or molds. After destalking and before the fermentation process, the grapes cold macerate between 0 and 4°C for 4-6 days, depending on the grape varieties. Alcoholic fermentation takes place at controlled temperature of max. 24°C, which lasts for 10-14 days.
