HOUSE OF TOWNEND

Wire Works Virgin Oak Single Malt Whisky

Price	£59.99
Code	WIRE010

Made with lightly peated malted barley, live brewer's yeast and a long fermentation time to add deep fruit notes in the spirit. A vatting of lightly peated single malt whisky initially matured in premium, first fill ex-bourbon barrels and then finished for several months at a lower ABV in virgin American oak barrels (with a select range of toast and char levels).

Tasting Notes:

The bold oak-forward flavours of the Virgin Oak casks contribute intensity and a warming combination of sweet & spice, showcasing the rich fruit flavours and elegant smoke profile.
